

This **Third International Symposium: ICF Education** builds on the [first held in Finland in 2015](#) and the [second in South Africa in 2017](#). The aim is to bring together people from around the world who are using the International Classification of Functioning, Disability and Health (ICF) in clinical practice, research and teaching.

The **Third International Symposium: ICF Education** will enable participants to share their experiences and learn from each other. Active participation from all delegates is encouraged and expected!

Call for Abstracts: The Symposium Organising Committee of the **Third International Symposium: ICF Education** is also calling for abstracts for posters. Selected posters will be invited to be presented as brief oral presentations. Accepted posters and presentations will be posted on www.ICFEducation.org and www.icf-research-branch.org. See submission details below.

GENERAL INFORMATION – POSTER AND ORAL PRESENTATIONS

1. The symposium language is English. Thus, all abstracts and presentations must be submitted in English. Translation will not be provided.
2. Abstract submission must be made using the designated portal on www.icf-research-branch.org. Note that the submission portal has limited space for data entry.
3. An abstract must be submitted online for each proposed presentation.
4. Selected posters will be invited to be presented as brief oral presentations. The author(s) will be asked on the abstract submission portal to indicate whether he/she/they would like the submitted abstract be considered for oral presentation.
5. The abstract as submitted by the author(s) will be reproduced in a poster booklet (PDF) and made available on www.ICFEducation.org and www.icf-research-branch.org. It is the author's responsibility to ensure that the abstract submitted is accurate and complete.
6. Authors of abstracts that are invited for oral presentation are requested to make their slides available for publication on www.ICFEducation.org and www.icf-research-branch.org.
7. All correspondences will be with the corresponding author. The corresponding author will also receive the notification regarding the poster abstract and the invitation for oral presentation. The corresponding author is responsible for informing all co-authors about the status of the abstract and acquiring approval for presentations should the abstract be accepted for oral presentation.
8. Abstract authors are responsible for acquiring all copyright permissions for material included in their abstracts and presentations, and be prepared to provide permissions if requested.
9. Abstracts will be reviewed by the Symposium Organising Committee based on the following principles: the abstracts submitted reflects at least one of the symposium topics, is clear and logical.
10. The scheduling of all presentations will be determined by the Symposium Organising Committee to ensure best fit with the overall programme. Any requests for specific times will not be considered. Similar abstracts in related topic areas will be grouped together for presentation.
11. Presentations are expected to be provided as a PowerPoint (PPT) file and sent to Michaela Coenen, Email: michaela.coenen@med.uni-muenchen.de.
12. The poster and the PPT presentation should include the same content and follow the same outline as that described in the abstract.
13. All decisions of the Symposium Organising Committee are final.
