	sions: functions of respiration rate, rhythm and depth; impairments such as apnoea, hyperventilation, irregular iration, paradoxical respiration and bronchial spasm and as in pulmonary emphysema.
	iration, paradoxical respiration and bronchial spasm and as in pulmonary emphysema. usions: respiratory muscle functions (b445); additional respiratory functions (b450); exercise tolerance functions
	iration, paradoxical respiration and bronchial spasm and as in pulmonary emphysema. usions: respiratory muscle functions (b445); additional respiratory functions (b450); exercise tolerance functions 5)
	iration, paradoxical respiration and bronchial spasm and as in pulmonary emphysema. usions: respiratory muscle functions (b445); additional respiratory functions (b450); exercise tolerance functions 5) rcise tolerance functions
	iration, paradoxical respiration and bronchial spasm and as in pulmonary emphysema. usions: respiratory muscle functions (b445); additional respiratory functions (b450); exercise tolerance functions tolerance functions etions related to respiratory and cardiovascular capacity as required for enduring physical exertion.
functi	iration, paradoxical respiration and bronchial spasm and as in pulmonary emphysema. usions: respiratory muscle functions (b445); additional respiratory functions (b450); exercise tolerance functions 5) rcise tolerance functions
Exclusive	sions: functions of respiration rate, rhythm and depth; impairments such as apnoea, hyperventilation, irregular

b525	Defecation functions
	Functions of elimination of wastes and undigested food as faeces and related functions. Inclusions: functions of elimination, faecal consistency, frequency of defecation; faecal continence, flatulence; impairments such as constipation, diarrhoea, watery stool and anal sphincter incompetence or incontinence Exclusions: digestive functions (b515); assimilation functions (b520); sensations associated with the digestive system (b535)
b620	Urination functions
	Functions of discharge of urine from the urinary bladder. Inclusions: functions of urination, frequency of urination, urinary continence; impairments such as in stress, urge, reflex, overflow, continuous incontinence, dribbling, automatic bladder, polyuria, urinary retention and urinary urgency Exclusions: urinary excretory functions (b610); sensations associated with urinary functions (b630)
b710	Mobility of joint functions
	Functions of the range and ease of movement of a joint. Inclusions: functions of mobility of single or several joints, vertebral, shoulder, elbow, wrist, hip, knee, ankle, small joints of hands and feet; mobility of joints generalized; impairments such as in hypermobility of joints, frozen shoulder, arthritis Exclusions: stability of joint functions (b715); control of voluntary movement functions (b760)
b715	Stability of joint functions
	Functions of the maintenance of structural integrity of the joints. Inclusions: functions of the stability of a single joint, several joints, and joints generalized; impairments such as in unstable shoulder joint, dislocation of a joint, dislocation of shoulder and hip Exclusion: mobility of joint functions (b710)
b730	Muscle power functions
	Functions related to the force generated by the contraction of a muscle or muscle groups. Inclusions: functions associated with the power of specific muscles and muscle groups, muscles of one limb, one side of the body, the lower half of the body, all limbs, the trunk and the body as a whole; impairments such as weakness of small muscles in feet and hands, muscle paresis, muscle paralysis, monoplegia, hemiplegia, paraplegia, quadriplegia and akinetic mutism Exclusions: functions of structures adjoining the eye (b215); muscle tone functions (b735); muscle endurance functions (b740)
b735	Muscle tone functions
	Functions related to the tension present in the resting muscles and the resistance offered when trying to move the muscles passively. Inclusions: functions associated with the tension of isolated muscles and muscle groups, muscles of one limb, one side of the body and the lower half of the body, muscles of all limbs, muscles of the trunk, and all muscles of the body; impairments such as hypotonia, hypertonia and muscle spasticity Exclusions: muscle power functions (b730); muscle endurance functions (b740)
b820	Repair functions of the skin
	Functions of the skin for repairing breaks and other damage to the skin. Inclusions: functions of scab formation, healing, scarring; bruising and keloid formation Exclusions: protective functions of the skin (b810); other functions of the skin (b830)

BODY STRUCTURES = anatomical parts of the body such as organs, limbs and their components		
s410	Structure of cardiovascular system	
s430	Structure of respiratory system	
s710	Structure of head and neck region	
s720	Structure of shoulder region	
s730	Structure of upper extremity	
s740	Structure of pelvic region	
s750	Structure of lower extremity	
s760	Structure of trunk	
s810	Structure of areas of skin	

ACTIV	ITIES AND PARTICIPATION
= exect	ution of a task or action by an individual and involvement in a life situation
0/1001	The state of the s
d240	Handling stress and other psychological demands
	Carrying out simple or complex and coordinated actions to manage and control the psychological demands
	required to carry out tasks demanding significant responsibilities and involving stress, distraction or crises, such
	as driving a vehicle during heavy traffic or taking care of many children.
-1440	Inclusions: handling responsibilities; handling stress and crisis
d410	Changing basic body position
	Getting into and out of a body position and moving from one location to another, such as getting up out of a chair to lie down on a bed, and getting into and out of positions of kneeling or squatting.
	Inclusions: changing body position from lying down, from squatting or kneeling, from sitting or standing, bending and shifting
	the body's centre of gravity
	Exclusion: transferring oneself (d420)
d415	Maintaining a body position
	Staying in the same body position as required, such as remaining seated or remaining standing for work or school.
	Inclusions: maintaining a lying, squatting, kneeling, sitting and standing position
d420	Transferring oneself
	Moving from one surface to another, such as sliding along a bench or moving from a bed to a chair, without
	changing body position.
	Inclusion: transferring oneself while sitting or lying
1445	Exclusion: changing basic body position (d410)
d445	Hand and arm use
	Performing the coordinated actions required to move objects or to manipulate them by using hands and arms,
	such as when turning door handles or throwing or catching an object Inclusions: pulling or pushing objects; reaching; turning or twisting the hands or arms; throwing; catching
	Exclusion: fine hand use (d440)
d450	Walking
u+30	Moving along a surface on foot, step by step, so that one foot is always on the ground, such as when strolling,
	sauntering, walking forwards, backwards or sideways.
	Inclusions: walking short or long distances; walking on different surfaces; walking around obstacles
	Exclusions: transferring oneself (d420); moving around (d455)
d510	Washing oneself
	Washing and drying one's whole body, or body parts, using water and appropriate cleaning and drying materials or
	methods, such as bathing, showering, washing hands and feet, face and hair, and drying with a towel.
	Inclusions: washing body parts, the whole body; and drying oneself
4500	Exclusions: caring for body parts (d520); toileting (d530)
d520	Caring for body parts
	Looking after those parts of the body, such as skin, face, teeth, scalp, nails and genitals, that require more than washing and drying.
	Inclusions: caring for skin, teeth, hair, finger and toe nails
	Exclusions: washing oneself (d510); tolleting (d530)
d530	Toileting
	Planning and carrying out the elimination of human waste (menstruation, urination and defecation), and cleaning
	oneself afterwards.
	Inclusions: regulating urination, defecation and menstrual care
1550	Exclusions: washing oneself (d510); caring for body parts (d520)
d550	Eating
	Carrying out the coordinated tasks and actions of eating food that has been served, bringing it to the mouth and
	consuming it in culturally acceptable ways, cutting or breaking food into pieces, opening bottles and cans, using eating implements, having meals, feasting or dining.
	Exclusion: drinking (d560)
d760	Family relationships
4,50	Creating and maintaining kinship relationships, such as with members of the nuclear family, extended family,
	foster and adopted family and step-relationships, more distant relationships such as second cousins or legal
	guardians.
	Inclusions: parent-child and child-parent relationships, sibling and extended family relationships

FNVIR	ONMENTAL FACTORS		
	= make up the physical, social and attitudinal environment in which people live and conduct their lives		
e110	Products or substances for personal consumption		
	Any natural or human-made object or substance gathered, processed or manufactured for ingestion.		
	Inclusions: food and drugs		
e115	Products and technology for personal use in daily living		
	Equipment, products and technologies used by people in daily activities, including those adapted or specially		
	designed, located in, on or near the person using them. Inclusions: general and assistive products and technology for personal use		
e120	Products and technology for personal indoor and outdoor mobility and transportation		
e120	Equipment, products and technologies used by people in activities of moving inside and outside buildings,		
	including those adapted or specially designed, located in, on or near the person using them.		
	Inclusions: general and assistive products and technology for personal indoor and outdoor mobility and transportation		
e150	Design, construction and building products and technology of buildings for public use		
	Products and technology that constitute an individual's indoor and outdoor human-made environment that is		
	planned, designed and constructed for public use, including those adapted or specially designed.		
	Inclusions: design, construction and building products and technology of entrances and exits, facilities and routing		
e310	Immediate family		
	Individuals related by birth, marriage or other relationship recognized by the culture as immediate family, such as		
	spouses, partners, parents, siblings, children, foster parents, adoptive parents and grandparents. Exclusions: extended family (e315); personal care providers and personal assistants (e340)		
e320	Friends		
6320	Individuals who are close and ongoing participants in relationships characterized by trust and mutual support.		
e355	Health professionals		
6333	All service providers working within the context of the health system, such as doctors, nurses, physiotherapists,		
	occupational therapists, speech therapists, audiologists, orthotist-prosthetists, medical social workers.		
	Exclusion: other professionals (e360)		
e410	Individual attitudes of immediate family members		
	General or specific opinions and beliefs of immediate family members about the person or about other matters		
	(e.g. social, political and economic issues) that influence individual behaviour and actions.		
e420	Individual attitude of friends		
	General or specific opinions and beliefs of friends about the person or about other matters (e.g. social, political		
- 450	and economic issues) that influence individual behaviour and actions.		
e450	Individual attitudes of health professionals		
	General or specific opinions and beliefs of health professionals about the person or about other matters (e.g. social, political and economic issues) that influence individual behaviour and actions.		
e580	Health services, systems and policies		
	Services, systems and policies for preventing and treating health problems, providing medical rehabilitation and		
	promoting a healthy lifestyle.		
	Exclusion: general social support services, systems and policies (e575)
